Suggested Discussion Questions

Please use the following questions as a guide to help you discuss Learning Outcomes results and in sharing the results of this discussion(s):

- x Which course(s) in the program were discussed?
- x After looking at the results of the Learning Outcomes assessment between the different **sections** of a **course**, did any common themes emerge? After looking at the results of the Learning Outcomes between the different **courses** of a **program**, did any common themes emerge?
- x What was learned from the assessment of student Learning Outcomes for your program? In what areas did students excel? What issues and needs were identified that can lead to changes that improve student success?
- x Do you have any Learning Outcomes success stories to share? That is, as a result of past assessments of your program's student Learning Outcomes, were there any notable changes that were made by the program that have resulted in more students meeting its Learning Outcomes assessment expectations? Please share!
- x (Institutional Support needs) Are there any areas where WVC can better support your program's efforts to improve student Learning Outcomes results?

Keep a record of this discussion on hand as accreditation evidence.
