Welcome

The District Council (DC) functions as the highest level District-wide participatory governance body. It sets policy, especially in the areas of Governance and Planning. The West Valley Community College District Board of Trustees provides opportunity for participation from all District constituencies. The Council encourages open communication and respects the needs and expectations of faculty, classified staff, students, and administrators. The Council promotes achieving college-based mission, goals, and priorities. It strengthens relationships among faculty, classified staff, students, and administrators with the statewide community college system.

District Council membership and operating principles are posted below.
